

# Silver bullet to your rights secured by the Constitution. A treatise on State Citizenship.

*This treatise contains standing case law on citizenship and a 2-page example on how to fill out the passport form.*

### Free yourself from tyranny

Everyone has tried many complicated and time consuming things to retrieve their rights that are secured by our constitutions, **and to stop** unconstitutional traffic tickets, taxes, prosecutions, foreclosures, depriving you of your second amendment right to arms and lawsuits. I will not go into all that has been tried, happened and failed. It would be too time consuming and most would not understand. I will give a brief description of how this works.

When you got your Social Security number, either you or your Mom or Dad checked off that you were a U.S. citizen on the SS-5 application. And then you continued to claim to be a U.S. citizen throughout your life and did so on all of the government forms and applications when you which caused you to pay taxes, get tickets and every other act of treason that has happened to you.

The U.S. in this case, is the federal corporation the District of Columbia, also known as USDC or the UNITED STATES. It was created by the **congressional act of 1871**. Also see **28 USC 3002 (15) “United States” means— (A) a Federal corporation;**

So a U.S. citizen is a citizen of this federal corporation, and not a union State or USA republic. So now it's easy to see that a U.S. citizen is a legal fiction / U.S. corporation and has no rights secured by the constitution. Only people have rights secured by the constitution, not legal fictions. You should have checked off “**other**” on the form because you are a **State Citizen** of your State that you were born in, which makes you a Citizen of all states, and one of the people, and a beneficiary of, the republic U.S.A. constitution of 1789/1791. A State Citizen used to be known as a Citizen of the United States before the Civil War, but the meaning has been changed twice for the purpose of fraud. **The United States of America is the dejure republic government, not the United States which is the corporation.** The preamble to the

Isaiah 45:22 <sup>22</sup> Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else.

constitution establishes the United States of America, not the United States. So we have **Two Different and Distinct National Governments**. This treachery has always been the goal of the enemy.

See case law....

*"The idea prevails with some, indeed it has expression in arguments at the bar, that we have in this country substantially two national governments; one to be maintained under the Constitution, with all its restrictions; the other to be maintained by Congress outside and independently of that instrument, by exercising such powers as other nations of the earth are accustomed to... I take leave to say that, if the principles thus announced should ever receive the sanction of a majority of this court, a radical and mischievous change in our system will result. We will, in that event, pass from the era of constitutional liberty guarded and protected by a written constitution into an era of legislative absolutism... It will be an evil day for American Liberty if the theory of a government outside the Supreme Law of the Land finds lodgment in our Constitutional Jurisprudence. No higher duty rests upon this court than to exert its full authority to prevent all violation of the principles of the Constitution."*

**--Honorable Supreme Court Justice John Harlan in the 1901 case of *Downes v. Bidwell*.**

### **It's all about your citizenship. It's that simple.**

See case law..."Taxpayers are not [*de jure*] State Citizens." *Belmont v. Town of Gulfport*, 122 So. 10.

*U.S. v. Anthony* 24 Fed. 829 (1873) "The term resident and citizen of the United States is distinguished from a Citizen of one of the several states, in that the former is a special class of citizen created by Congress."

So you can see in the above case citations that there are two national governments and at least two types of citizens. There are actually many more types of recognized citizens including a 14<sup>th</sup> amendment citizen. But this treatise only concerns two. More case law on citizenship listed at the end.

So to reclaim your citizenship, you need to certify your citizenship by getting a passport as a "State Citizen". **Your birth certificate** that is required for your passport is **proof that you are a State Citizen**. However, you will not find the term "State Citizen" on government forms because they are deceptively hiding it from the public. They use terms such as "non-citizen national", "*national*" or "other". When you get your passport it will look like any other and say that your nationality is the United States of America. This is true if you are a State Citizen, 14<sup>th</sup> amendment citizen or a U.S. citizen. They do this to hide what they are doing. Remember that

**Isaiah 45:22 <sup>22</sup> Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else.**

the U.S. citizen is a legal fiction, (a U.S. Corporation) with no rights. A 14<sup>th</sup> Amendment citizen has little rights. A State Citizen has absolute freedom and liberty protected by our founding documents. You are not a legal fiction, nor a U.S. corporation/US citizen, nor are you a 14<sup>th</sup> amendment citizen.

**You are a State Citizen of the state you were born in, which makes you a Citizen of all of the States, and a non-citizen national of the United States of America.**

**Nationality is the same for all three types of citizens. Passports will not show the different types of citizens.**

**AN EXAMPLE PASSPORT FORM AND AFFIDAVIT IS INCLUDED BELOW IN THIS TREATISE.**

**Fill out the application in black ink as per the instructions.**

**The main things** to remember on the Passport form, is to....

1. Below is an example of an Affidavit of Complaining Victim of a Felony. Modify it with your full name, address and the State you were born in. Then print of 2 or 3 copies. Have all three notarized **on the same day as your appointment**, to turn in your application, so that the dates match your application date. Notarize all three so that they are all originals. (No copies.)

**Isaiah 45:22 <sup>22</sup> Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else.**

2. Before, we did not put in the social security number or simply put in all zeros. The older forms said the social security number is voluntary in the instructions of the application. It still is voluntary and a felony for them to demand it. See **42 USC 408 a-8**. But if you leave it off. They will deny you the passport and keep your money. **It does not matter that you give it to them.** So write in your social security number, and include one of the notarized Affidavits of a Complaining Victim of a Felony with the application. This will make it public record. Then I would suggest you mail one of the other notarized copies to the Attorney General. See the template below. It does not have to look exactly like this. It's merely an example.

If they ever take the application without the social security number, then do not include the affidavit. There is no need.

It is unlawful for the government or anyone else to make you disclose your Social Security number. See...

#### **42 U.S. Code § 408 a-8- Penalties**

Whoever— (8) discloses, uses, or compels the disclosure of the social security number of any person in violation of the laws of the United States; shall be guilty of a felony and upon conviction thereof **shall be fined under title 18 or imprisoned for not more than five years, or both.**

#### **3. THIS IS THE MOST IMPORTANT THING TO DO!**

**All of the other stuff I mention does not really matter. It's only a way to make them pay close attention to your application.** Every place that it asks if someone is a U.S. citizen; Mom, Dad or spouse or ex-spouse, you check off **NO**. If you check off yes to U.S. citizen on anything, then that makes you a U.S. citizen. Otherwise you are a state Citizen. **NO ONE IS A U.S. CITIZEN.** Not you, or your spouse, or your ex-spouse or your mom, dad or children. This is the most important step. **No** to U.S. citizen on everything. **MAKE SURE YOU GET THIS RIGHT! This is the only thing that matters on the application!**

**Do not let them bully you into checking off yes to U.S. citizenship.**

4. Put **"In care of:"** with the mailing address and use the standard mailing address with zip code. This means that this is merely where you receive your mail and you do not live in their jurisdiction. And for the permanent address, use "R.F.D." or "Rural Free Delivery" for the address and then the city and state. Then **use all zeros** for the zip code. This means that you live in the Republic and not in any fictional jurisdiction.

Isaiah 45:22 <sup>22</sup> Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else.

Additional things you can do is...

5. Put “without prejudice” above your signature. This insures that you are not a legal fiction and are not contracting away your rights. Although this should not be needed as a State Citizen.

6. Expedite your passport. The faster you get it, the faster you will be free. In addition, the State Department will delay your passport to the maximum allotted time otherwise. They do not want you to have it.

7. **DO NOT INCLUDE AFFIDAVITS OF CITIZENSHIP WITH YOUR APPLICATION. You will be denied.**

**Do not sign it until you are in front of the acceptance agent.**

They are not allowed to refuse your application or make any changes. To do so is a crime. You can report the person to the U.S. Attorney General.

### **What if you already have a passport?**

Even if you already got a passport before or have a current passport, you can get a new passport with this method by doing another DS-11. And yes, you have to put down on the application that you had one in the past, and show the old passport with the application, or fill out a lost form. It does not matter what you put on the previous passport. You are updating your information.

**I personally have done all of the above for myself and others.**

**See the following example of an affidavit of a felony and an example of how to fill out the passport form.**

**NOTE: It is rumored that the State Department will require proof of travel such as a VISA or other proof of travel. This is because the enemy is in panic. They do not want their slaves to escape. It's merely a way to discourage you from getting this type of passport. And most countries do not require a VISA for Americans. So if this becomes the case, I suggest you simply make a hotel reservation for a night or two across the border in Canada or some place. Then print off a copy of the reservation for proof to include with your application. You can always cancel the reservation after you get your passport, if you change your mind or not able to go.**

### Traps to avoid.

1. Do not put down that you are a U.S. citizen on anything. They used to have places on the form to check off State Citizen but not anymore. The usual choice they give you is “other” or “*non citizen national*”. (Yes, they make it as confusing as possible.) Either is ok. So check off either “non-citizen national” “national” or “other” for your citizenship. Or the form may only have a yes or no question if you are a U.S. citizen. Check off no. Checking off no to U.S. citizenship does not prevent you from benefits or rights.
2. Your social security number is voluntary. **But again, if you do not put it on the passport application or you will be denied.** Use all zeros for the social security number or leave it blank, if you wish to not use it. You can use the SS number if you want to pay into Social Security or do anything else. But I would suggest you reserve it for “have to” situations. Most banks will not let you open an account without one. So it does not hurt you to use it if you need to. But it is a felony for anyone to compel your social security number from you. See... **42 USC 408 A-8**
3. Always put the phrase “**without prejudice**” with your signature. State Citizens do not have to do this. But it sure does not hurt. It means you are not giving up any rights or otherwise contracting. See **UCC 1-308** which was formally **UCC 1-207**.

When you get a job, fill out the I-9 form. Check off “non-citizen national”. You can use your social security number here if you wish, but the form itself says it is voluntary. But you do not have to. The employer has the choice of your passport for ID or both your DL and SS card. **Use your passport** for ID. Claiming State Citizen does not prevent you from getting any benefits from anything. Sign everything with the phrase “**without prejudice**”. Check off tax exempt. You do not have to file taxes. If you feel uneasy about not paying taxes, you can continue to pay them and see how your passport works for you. But you are only feeding the U.S.D.C. beast that is enslaving the country.

When you buy a gun and fill out the form, **do not** check off that you “have renounced your U.S. citizenship”. You never were a U.S. citizen, so there is no citizenship to renounce. I have bought plenty of guns since.

Never put down you live in the United States. You live in the United States of America (U.S.A.). Or simply say you live in America.

Once you receive your passport, you should never have to pay taxes, you can carry any gun, you should not get tickets, you do not need licenses permits and fees, the bills of exchange will work they cannot come after you for debt or foreclosure. You may get a few letters for not paying debt, but you cannot be sued for it. Simply send back any summons with a cease and

**Isaiah 45:22 <sup>22</sup> Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else.**

desist letter as mentioned later. The only thing you cannot do is cause injury. They can arrest you for causing injury to someone. And anyone that causes injury needs to be arrested.

Even though you can do all these things, I highly recommend that you do not shove it in their face. Be on good behavior and do not draw attention to yourself. Also give any police officer a friendly chance to discover who you are. Hand him whatever he asks for. Most usually you will not get a ticket. If he writes you a ticket, sign it “without prejudice” and forget it. Do not go to court. There is nothing they can lawfully do. If you receive a letter from the court, send them a cease and desist letter identifying yourself as a State Citizen, with a certified copy of your birth certificate and a photo copy of your passport to each and every letter. There is nothing they can lawfully do. **DO NOT GO TO COURT, THERE IS NOTHING THEY CAN LAWFULLY DO.** Several law enforcement officials have confirmed for me, that when they pull someone over that is **Red Flag or Restricted** because of the State Citizen passport, that they have no jurisdiction to arrest them or write tickets. But they are told to write the ticket anyway and let the court handle it. They have no idea what happened. Nothing did happen. **DO NOT PAY THE TICKET! DO NOT GO TO COURT!**

However, there are now currently two or three States that I know of where the bureaucracy has taken over, and sometimes will instruct the officer to give you a ticket. Since the passport removes your SS number and name from all of the government attack systems, they cannot not come after you that way. So they attack the driver’s license number itself. Now you do not need a license any longer, and some have chosen to turn theirs in. In this way, they cannot write you a n true ticket. You would have to show up. And they cannot suspend or revoke a license you no longer have. And many have reported that the nine-digit number on the passport lets them buy insurance, escape sales tax, buy guns, get and International Drivers Permit and etc... I But I do not suggest that you give it up or keep it. Weigh your options.

Now if you live in one of these two or three states that attack the license, and you do not show up for court, they doc a warrant on the record, but they do not issue the warrant. They cannot arrest you. But the warrant will cause you problems when you apply for a job buy a gun and etc.. Yes, it’s illegal, but they will not prosecute themselves. And they think you have contracted with them. If you live in one of these States, then simply show up for court with your birth certificate. Continue to show your birth certificate and say you are a State Citizen, dismiss this case. Do not plea. Pleading perfects the jurisdiction of the court. And do not take a plea bargain. Currently the two State I know about is Arkansas and Missouri. And I have heard that Louisiana ay be doing this. No other States report this problem. If this happens to you write a complaint to the State Attorney General, Governor, Department of Risk Management, U.S.A. Attorney General and so on.

**Isaiah 45:22 <sup>22</sup> Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else.**

Always use the passport for your ID where possible. Some palaces will give you a hard time while buying a gun and etc.. But once they run it, they are surprised to find that they can sell you one. I highly recommend that you order the card, to carry in your wallet or purse. When the officer runs your ID, he/she will see your status and has to let you go. The status most law enforcement sees on your background check is similar to the following.

### **RED FLAG**

**DO NOT STOP, DO NOT DETAIN, DO NOT INTERROGATE.**

**LIFE TIME CONCEALED WEAPONS PERMIT.**

The later is to mislead the officer on why you may have a gun on you. You have your second amendment rights back. I always try to educate the officer on citizenship. But their overseers mislead them from the truth. **No police officer or other official will confirm that you are on the Red Flag or Restricted List.** I don't care if you have known the officer personally for 20 years and live next door to him, they will not confirm that there is anything different about your information. They do not confirm anything for me, and they will not for you.

I have received a passport using this method. And so have many others using this method. I don't pay income taxes, I do not get tickets, I do not have to register things or get permits or licenses, and I am left alone for the most part. (I do get a fishing license from Arkansas because I like the work they do with the money. And it's cheap. And I got it with my passport, not a state ID. But I never sign it.) Remember that some insurance companies will not insure your car with the passport, but only if you do not have a State license, but then again, you do not have to have a license or buy insurance. So weigh your options. Some folks deregister their cars. I do not suggest any of this one way or the other. Decide for yourself to what extent you want to go to.

I have found this to be the silver bullet. It is the difference between night and day. Foreclosures are stopped cold because they cannot collect debt against a State Citizen valued in anything other than gold and silver coin. See **USA constitution Article 1 section 10**. Federal Reserve Notes are not gold and silver coin, nor are they valued as such. Prison sentences for those out on bond have gone away, real estate taxes have disappeared, and I can go on and on. But experiences do differ throughout America. Sometimes warrants go away. Sometimes they do not. But they are supposed to.

See how the passport works for you on small things before you go to bigger things. If you do not get tickets, or no warrant is issued when you do not pay a ticket, or other types of non-violent misdemeanors, then you did it right.

## About Taxes

**Article one section ten** of the **USA 1789/1791 constitution** prohibits States from using anything but actual gold and silver coin as tender and payment of debt. So how do they tax you in Federal Reserve notes? Federal Reserve notes are defined as obligations in **18 USC 8**. And **31 USC 3124** prohibits states from taxing federal obligations except for corporations. So if a US citizen or resident alien can be taxed in Federal Reserve notes, then they are a corporation. A State Citizen is not, and no unconstitutional tax can be levied against a State Citizen. Since many across this nation has figured out the citizenship fraud, and are correcting the fraud via passport, the enemy is in panic. The IRS has the right to inquire about taxes if you cannot prove State Citizenship. See... *"Unless the defendant can prove he is not a citizen of the United States, the IRS has the right to inquire and determine a tax liability."* *U.S. v. Slater, 545 Fed. Supp. 179,182 (1982).*

**So order lots of certified copies of your birth certificate. Then make sure that you include a copy with any correspondence with government.** If you receive letters from any government entity, **mail them the birth certificate with a letter telling them to cease and desist.** (An example cease and desist is at the end of this treatise.) Do this for each and every letter they send you. Always mail it back to the address you got it from, as well as to the address they want you to answer. They may send you a letter from a different address later. That's how they try and get around it. I have mailed about 7 letters before they stopped. Do not let them scare you. Then they are finished. This goes for any government entity. (An example cease and desist is at the end of this treatise.)

**Do not panic** should you receive scare letters certified mail or not. They are meant to scare you into capitulation. They are meaningless, but they look like they have official jurisdiction and sites lots of law and etc... They most typically use words such as offer, request, proposal, notice of non filing, you need to, we want you to, we need you to, possible prosecution, (note the word possible) and etc... And the enemy sometimes stuffs your mailbox full of these official looking scare letters, to enhance the scare factor. (4 or 5 at a time.) And send them often. They are trying scare you into obedience. These letters are carefully crafted to leave you shaking with fear. The people who receive them, **send back a cease and desist letter with birth certificate.** (An example cease and desist is at the end of this treatise.)

This should be your reply with a **birth certificate** to each and every letter you receive from any source on any subject. Should you receive follow up letters, simply send the same thing each and every time. And include a **birth certificate** because it is proof of your State

**Isaiah 45:22 <sup>22</sup> Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else.**

Citizenship. A lot of folks do not even open the letter. They simply send it back with the cease and desist and a birth certificate. Most people have reported receiving 5 to 10 letters before they stop writing. They cannot do anything. So do not worry.

I personally received a letter that said I had “*10 days to comply with their request*”. I laughed out loud, and threw it in the trash. Complying with a request, proposal, notice of non filing, offer of settlement or anything with such wording is not mandatory. And had they used words like demand, amount due, tax court, I answer with a cease and desist letter with a copy of my passport and birth certificate and do not let them scare you with any threat.

## **DO NOT LET THEM SCARE YOU INTO COMPLIANCE.**

**Fear is their only tool.**

## **Bank Accounts and Financial Institutions ID**

Banks and other financial institutions are required to have a customer identification program. Most usually they want your Social Security number and other forms of ID. However, this does not apply to a State Citizen, and they use the term “non-U.S. person” rather than State Citizen. A “non-U.S. person” / (State Citizen) only has to show their passport. See...

**31 CFR 1020.220 - Customer identification programs for banks, savings associations, credit unions, and certain non-Federally regulated banks.(A) (4) (ii) For a non-U.S. person, one or more of the following: A taxpayer identification number; passport number and country of issuance; alien identification card number; or number and country of issuance of any other government-issued document evidencing nationality or residence and bearing a photograph or similar safeguard.**

However, you will find the bank employees will be confused and not have a clue about this. So take in a copy of this law with you including **31 CFR 1020.220 (A) (40) ii** and **42USC 408 A-8** showing that is a felony to ask for your social security number. Point out that the passport merely says you are a national and not a U.S. citizen. If you are not successful, it really doesn't matter to use your SS number because you are a State Citizen. But the bank and/or their employees are committing a felony. See **42USC 408, A-8**. You may want to make a complaint to the federal prosecutor or other agencies that have jurisdiction.

## State Citizenship Test

The following are some of the citizenship questions you will see on various government forms styled in a way to deceive you out of your rights secured by the original constitution of our republic. United States of America and the original State constitutions. They have stopped using the term State Citizens on all of the forms for the purpose of constructive fraud.

Remember that a State Citizen is a not a national of the United States. But is a national of the United States of America. See...**8 USC § 1101(a) (21) The term "national" means a person owing permanent allegiance to a state. (This is a State Citizen)**

**(22) The term "national of the United States" means (A) a citizen of the United States, or (B) a person who, though not a citizen of the United States, owes permanent allegiance to the United States.**

**(23) The term "naturalization" means the conferring of nationality of a state upon a person after birth, by any means whatsoever.**

Answers at the end.

Which answer should a State Citizen choose?

A. Social Security form SS 5 application.

**Isaiah 45:22 <sup>22</sup> Look unto me, and be ye saved, all the ends of the earth: for I am God, and there is none else.**

It is most important to be familiar with this form. This is the form that automatically removes you citizenship and rights. On this form are the following choices. Which answer should a State Citizen choose?

1. U S Citizen
2. Legal alien allowed to work
3. Legal alien not allowed to work
4. Other

B. On employee Eligibility Verification Form I-9 form. Which answer should a State Citizen choose?

1. A citizen of the United States
2. A noncitizen national of the United States
3. A lawful permanent resident
4. An alien authorized to work

C. Questionnaire for National Security Positions. Form 86. Which answer should a State Citizen choose?

1. I am a U.S. citizen or national by birth, or U.S. territory/commonwealth.
2. I am a U.S. citizen or national by birth born to U.S. parent(s) in a foreign county.
3. I am a naturalized U.S. citizen.
4. I am not a U.S. citizen.

7. My spouse is blind
8. I am not a U.S. citizen or permanent resident
9. My work was performed in another county

### Answers

A. There is no choice for State Citizen, so the correct answer is **4. Other**. The form goes on to explain that you need paper work from the State as to why you need a social security number. Your birth certificate is the paper work. As usual, your birth certificate is proof of your citizenship and should always be included with any answer or application.

B. Again no State Citizen choice. A State Citizen is also a noncitizen national or national of the United States of America. However, when the USA is intended, they used United States for the purpose of confusion. But a State Citizen is not a national of the United States which is the federal corporation as defined above in **8 USC 1101(a)(22)**

- So citizen of the United States in this case is the U.S. corporation.
- A noncitizen national or national of the United States means the republic United States of America. Of which a State Citizen is.

So the correct answer is **2. A noncitizen national of the United States**.

C. Again, the Questionnaire for National Security Positions. Form 86 is an attempt to confuse. They combine U.S Citizen of the corporation with a national of the USA republic. A State Citizen is a national by birth. So the answer is **1. I am a U.S. citizen or national by birth, or U.S. territory/commonwealth.**

E. If you receive a CP 59 form or other letter from the IRS, then you send it back with your actual birth certificate (not a photo copy). You tell them you are a State Citizen and to cease and desist. If you receive the CP 59 form, the correct answer is **8. I am not a U.S. citizen or permanent resident**. A State Citizen is not a U.S. citizen or a resident of the United States the Federal corporation. A State Citizen is an inhabitant in the State in which they live. The Federal area is a fictional area, not physical.
