Robert we're being harassed already, doing something right, block emails on several levels, 1 organization challenge their right, make effort to communicate to everybody–help states– designate coordinator–post where they are in 10 Steps with assemblies, minutes need to have approved by assembly become official record–post in forums somebody has read minutes–post corrections– bring forward, motion tabled diplomat define position–old business tonight, Rules Committee–Ron from Oklahoma posted simplified version–concurs with posts – Functions & Operation Michigan used for last 10 years 5 pages & hope is end result of committee rules book

## Old business

**00:19:48**

Robert tabling of exterior communications port-comments calling it Communications Secretary-1 person will be able to handle at first-& 1 person incoming-&1 person outgoing-get title established now good thing-Q&A Maria (Alaska) move to title Comm. Sec.; Michael (Iowa) before we put someone in position-boundaries on what we put out-need oversight-person to take [position] good at writing or verbal-want to make sure we are going the right direction, Robert (Michigan) nothing got communicated unless Assembly approved it-communication in went to moderator to Assembly-composed communication-or someone composed-Assembly looked at it-reworded-rescripted-tore it apart-started over-each state post on forum approval/disapproval/rational-titling it is important-calls for second to motion-Gus (Arizona) seconds the naming but not somebody in charge yet until we have position defined, Paul Jr. (Michigan) voting/appointing somebody to position without defining office, duties, and parameters creates post turtles, parameters must be defined first for somebody interested to know what it entails in entirety, Robert basically recognize the Communications Department use standard: Assembly has to approve what gets communicated-have people that can handle this, James (New Mexico) has experience in video & film & writing-is available for editing and contributing in any way, Maria (Alaska) clarify whether nominee or somebody elected or just committee to start defining communications secretary position was intent, Ed (Utah) putting somebody in position makes zero sense, Jessie (Oregon)Rules Committee-Jefferson had better ideas-Robert's Rules corporate talk-does not want to be involved with that-choose consensus-listen-better results-should be 'Comm. Sec.'-committee set up rules first-define method we communicate outside assembly, Robert Communications Department & Secretary-Assembly to control it-going to take consensus-Assembly speaking with 1 voice to outside world, Robert (California) experience level of volunteer can be hazardous-communicating with outside world-have to answer question & have knowledge of true law-job interview process, Jeff (Oregon) to move forward Moderator could help streamline things-define positions-posting in forums-address objections, Robert can work on that-might be 9 groups of individuals, Gus (Arizona) read motion in its entirety, Robert get Maria from Alaska, Christiane (Arkansas) part of Comm. Sec. committee should be a Press Secretary whose only job is to generate press releases

Abstentions are 1 (Texas). Yeas are 29. The yeas have it. We have that position or department titled. [Please see archived calls for details]

## **New Business**

**00:52:20**

Robert new business, Jeff (Oregon) has request for new business-to post the states both in and not in Roll Call on the nesareanews.blog as well as the forum-spreading good word, Robert any objections to that from anybody in the Assembly? I hear none. More new business, Alan (Massachusetts) position we titled is very special-Destry has done wonderful job with system to communicate, process we used appropriate for that position-experience gained here-thinks this should not be precedent for other positions, Destry (Michigan) anyone have experience with “SuiteCRM” come forward & help

**01:00:30**
